May 22nd, 1947

On May 15th, 1947, when the Acting Division Chief, Mr. Donald Dozer, spoke to the assembled personnel of DRA, I understood him to say that under a reduction in force the division had to reduce its staff by five persons and that since three persons were planning to leave the division independently of any reduction in force, he had selected for the other two names which would complete the total number of five the two persons having the lowest efficiency ratings, adding that this seemed to him to be the fairest procedure.

If you understood Mr. Dozer to state the above, as I did, please be good enough to sign your name in the column headed "Yes". If you did not understand him to say the above, kindly sign in the column headed "No".

HAROLD WEISBERG
